

2023 Craft Vendor ONLY

Application for Swampscott Farmers' Market

The Swampscott Farmers Market is primarily a market for local farms, produce, and locally sourced and crafted foods. We do, however, have a limited number of spaces for craft and arts vendors, with a maximum of 3-4 craft and arts vendors per week.

Due to an overwhelming number of requests to join the market from craft vendors who offer similar products, we will be running a rotating schedule for these craft vendors.

If you are interested in attending the market as a craft vendor, please fill out a craft vendor application and be sure to provide the following:

- a description of your crafts
- a selection of dates you would be able to attend the market.
- please also indicate whether your craft/products are made by you or made locally.

If we are able to fit you into the market craft schedule, we'll contact you with your possible date(s) of availability. Please note that due to the high volume of craft applications, we are usually unable to offer more than 4 dates per season. Please also note that once all open dates are filled, we cannot accept additional craft vendor applications.

The standard booth width will be 10 feet wide – the weekly booth fee will be \$20 payable to The Town of Swampscott in the form of check or credit card the day of the market. All vendors are responsible for setting up their own tent, tables and merchandise.
